Open the *Fooducate* app and then click on "Food Finder". On the top right, click *Browse*. You will find 16 choices: *Fruits, breads, breakfast, etc.* Of these 16, **choose 5**. Within **each one of the 5**, find a food item that is **something you already eat**. Record the grade that is given, and **summarize the "why"**. In the next column, find a similar food that you *might* try... someday, maybe, instead of your current food and **record its EQUAL or HIGHER grade**.

Browse (5 of 18)	Food I Eat	Grade	"Why" (summarize)	Similar Food	Grade
1.					
2.					
3.					
4.					
5.					

Conclusion: Are you surprised by some of the grades? Explain your thought.
