

What to do:

1. Illustrate an example of each of the three laws of motion all on one piece of computer paper. You need to draw your pictures. You may trace things you find from the internet.
2. Include an explanation of how the illustration demonstrates or describes the law of motion. Put the explanation next to the illustration. Use the following terms:

- 1st Law- rest, unbalanced force
- 2nd Law- force, acceleration, mass
- 3rd Law- opposite, equal, use arrows to show the action/reaction (pg 394)

POINTS	1 st Law	2 nd Law	3 rd Law
ILLUSTRATION Accurate, neat, colored	Excellent 4 Good 3 Needs improvement 1 0	Excellent 4 Good 3 Needs improvement 1 0	Excellent 4 Good 3 Needs improvement 1 0
EXPLANATION Accurate and includes terms	Terms: rest 1, unbalanced force 1	Terms: force 1, acceleration 1, mass 1	Terms: opposite 1, equal 1, use arrows to show the action..5/reaction.5 (pg 394)

This page needs to be stapled to your poster. Overall Points _____ /20
