

Science Safety Poster

Directions

- Create a poster advertising **ONE** of the safety rules we have discussed in class.
- Use **LARGE** letters.
- Use **color!** It is usually best to stick to 2-3 colors (along with black and white)
- Use very few words (you may paraphrase if you need to).
Poster wording is short and to the point.
- Focus on **ONE** picture to go with your rule.
- Posters should be drawn by hand and not created on a computer.
- Attach this rubric to your poster when you turn it in!

Name_____ Date_____ Per____

	Excellent (2 pts each)	Satisfactory (1pt each)	Needs Improvement (0-.5pt each)
One science rule on poster			
Use of LARGE letters to represent rule and it is easy to read from far away			
Color			
One large picture on the poster to convey rule			
Poster is neat!			
TOTAL			/10
